Gen AI Agents: Transform Your Organization

Sep 7, 2025

AHMAD RAZA KHAN

has successfully completed the online, non-credit Professional Certificate

Generative AI Leader

This comprehensive Gen AI Leader training guides business leaders through the landscape of generative AI, starting with its use cases beyond chatbots. You explore key concepts like AI, ML, and foundation models, then delve into strategic implementation, responsible AI, and Google Cloud's unique strengths in this field. You learn how you can use gen AI apps to enhance your personal productivity and transform how your organization using gen AI agents and applications. Validate the expertise in leveraging Google Cloud's generative AI for business transformation and innovation you gained through the learning path by registering for the Certification exam:

<https://cloud.google.com/developers/generative-ai-leader?hl=en>

Google Cloud Training

The online specialization named in this certificate may draw on material from courses taught on-campus, but the included courses are not equivalent to on-campus courses. Participation in this online specialization does not constitute enrollment at this university. This certificate does not confer a University grade, course credit or degree, and it does not verify the identity of the learner.

May 19, 2025

AHMAD RAZA KHAN

has successfully completed the online, non-credit Professional
Certificate

Google Cybersecurity

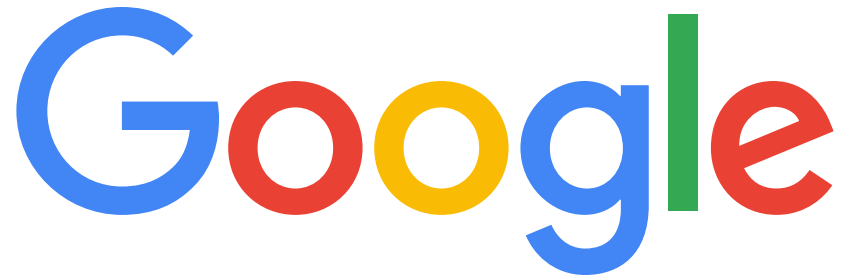

Those who earn the Google Cybersecurity Certificate have completed eight courses, developed by Google, that include hands-on, practice-based assessments and are designed to prepare them for entry-level roles in cybersecurity. They are competent in beginner-level Python, Linux, SQL, Security Information and Event Management (SIEM) tools, and Intrusion Detection Systems (IDS). They know how to identify common cybersecurity risks, threats, and vulnerabilities, as well as the techniques to mitigate.

Oct 10, 2025

AHMAD RAZA KHAN

has successfully completed the online, non-credit Professional Certificate

Microsoft AI Product Manager

Lead enterprise product development with Copilot! This program covered market research, cloud strategy, and UX/UI design, using Azure, Power BI, and Copilot. Building a portfolio demonstrates your ability to manage secure, compliant, and scalable software products from concept to launch, including go-to-market strategies and post-launch analysis. You have learned to apply AI and cloud capabilities, analyze data, and collaborate effectively. Develop roadmaps, prioritize features, and manage product lifecycles, ensuring security and compliance. Gaining practical experience through projects and case studies, preparing you to excel in enterprise product management. A Microsoft 365 license or free trial is needed to complete the course activities.

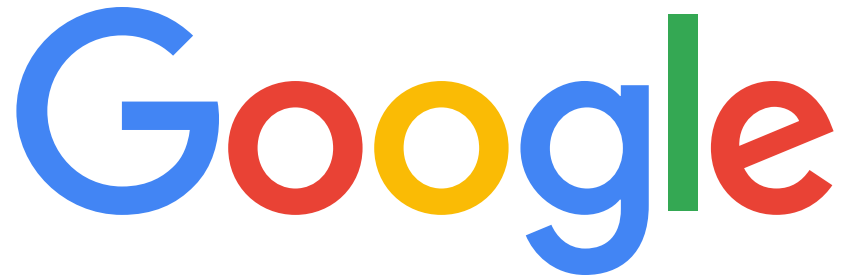

The online specialization named in this certificate may draw on material from courses taught on-campus, but the included courses are not equivalent to on-campus courses. Participation in this online specialization does not constitute enrollment at this university.
